

Gig Harbor Fire & Medic One **Organizational Update**

Gig Harbor Fire and Medic One facilities have been closed to the public for non-essential business since early in the COVID-19 pandemic. This was done out of an abundance of caution for our citizens, visitors and employees. Based on current guidance from local and State health authorities, we believe it is safe to re-open our facilities to non-essential business.

Our **24hr Staffed Fire Stations** (see list below) will be open for walk-up EMERGENCY requests:

- Station 51 – 6711 Kimball Dr.
- Station 52 – 2217 Pt. Fosdick Dr NW
- Station 56 – 5210 144th ST NW
- Station 58 – 10302 Bujacich Rd NW
- Station 59 – 3828 62nd Ave Ct NW

NOTE: Response crews may be out of the fire station for alarms or department business. It is ALWAYS better to call 911 from your current location instead of driving to one of our station locations.

Our headquarters facility located at 10222 Bujacich Rd NW is open Monday-Friday from 8AM to 5PM, excluding Holidays. This facility will be open for general business inquiries, deliveries, and address sign pick-up.

Gig Harbor Fire and Medic One facilities are currently unable to accommodate non-emergent blood pressure checks, bicycle helmet fittings or public education classes (CPR, BLS-Healthcare Provider, Safe Sitter, etc.). These programs will be re-evaluated at a later date or as health and safety guidance changes.

Based on current health guidance, if you are experiencing symptoms of an illness please refrain from coming to our facilities for non-essential business. We also ask that visitors follow all current local, state and federal masking requirements.

Sincerely,

Gig Harbor Fire and Medic One
